

The STEM Guitar Project Participation Agreement

As part of the STEM Guitar Institute commitment I, _____, understand and agree to the following:

Implementation Intention

Please initial the following (Applying faculty):

_____ I have reviewed the informational videos and the STEM Guitar Institute with my administrator. (Informational videos are found under **About** to learn more for teachers / admins link at the bottom of the guitarbuilding.org web page)

_____ I plan to implement STEM Guitar activities, or parts of the institute curriculum, in my instruction / program next academic year. (Existing modular curriculum and instructional videos are available under the **teach and video menu @** guitarbuilding.org) Building instruments is optional.

_____ I understand that I am required to participate in a pre-institute webinar and follow-up activities

Implementation Form

Following the institute, I understand that in order to receive the opportunity for additional compensation [start-up kit package opportunity], it is my responsibility to provide and complete the following:

- Verification of implementation of a minimum of **two** STEM activities from the **STEM Guitar Modular learning activities** with associated online student assessments.
- Participate in faculty follow-up assessments
- Administrator and instructor signatures acknowledging implementation. This will generate the online medium cycle assessment for instructor/student surveys.

Administration Review

I have read this Participant Agreement. I support the level of commitment required of the instructor in order to implement STEM Guitar activities into our school.
