

STEM Guitar Quia Web Tutorial

Welcome to Quia Web! This step-by-step guide will highlight the procedure for creating classes and assigning STEM Guitar quizzes to your students.

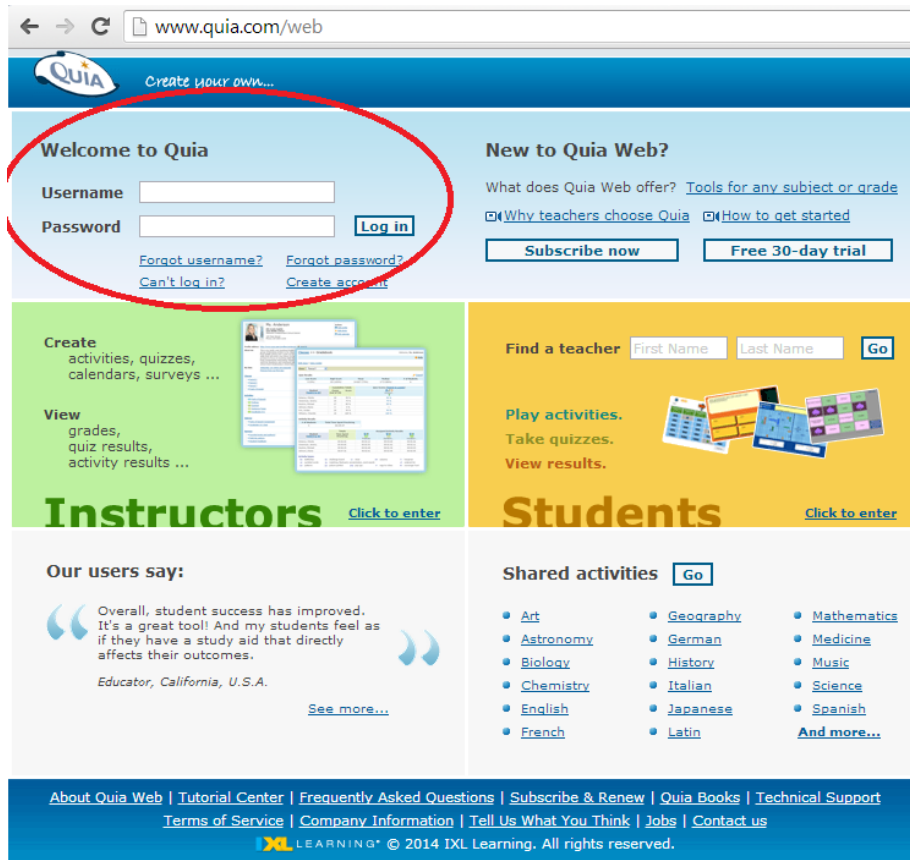

Within your Quia account, you will find a folder called the “Network”. This folder connects your accounts to the STEM Guitar network, from whom you will receive all of the quizzes that you will provide to students.

First we will cover how to **create the classes** that your students will be enrolled in. Once we have created classes, we can cover the steps to assign your quizzes to your students.

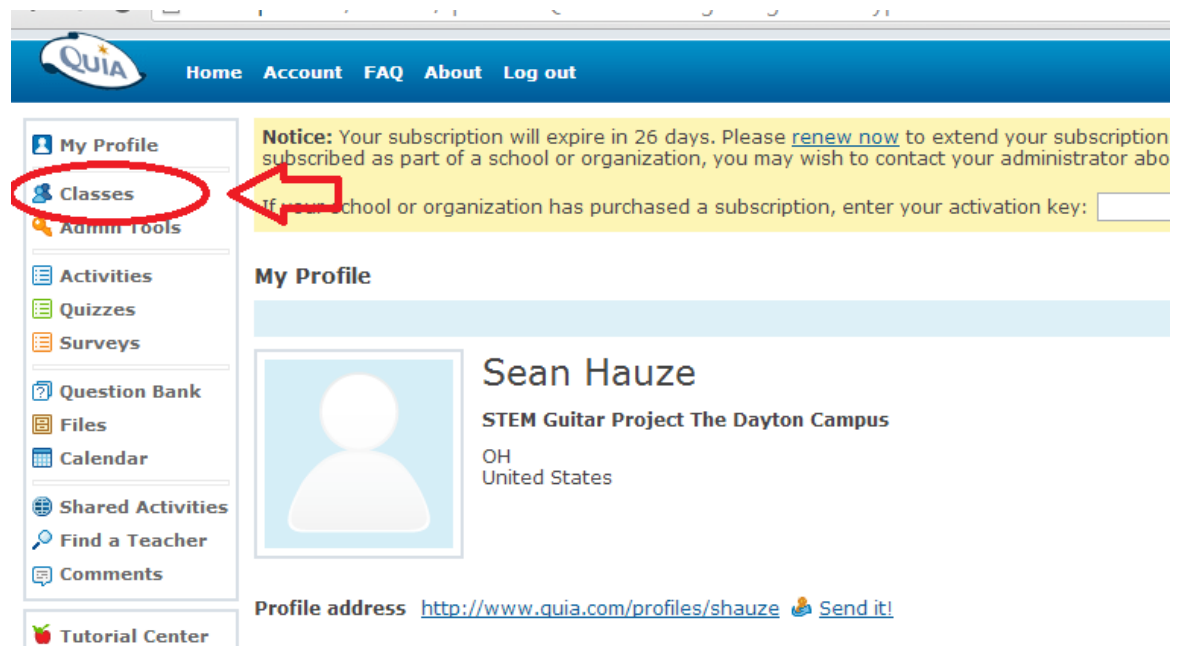

Second, we will cover how to use the **STEM Guitar Network to assign quizzes**. It is critical that you use your Network for assignments, as all of your results will be collected and tabulated by University of Cincinnati Evaluation Services. Please follow the steps outlined below to assign materials to your classes.

Setting Up Your Class in Quia

Step 1: Go to <http://www.quia.com/web> and enter the username and password that you received via email.

Step 2: Click "Classes" in your left menu.

Step 5: Edit the class page with your class information, then click “Save changes and edit roster”.

Additional options [Help](#)

Include a calendar to inform students of upcoming events?	<input type="checkbox"/>
Include hit counter	<input checked="" type="checkbox"/>
Include class on profile	<input checked="" type="checkbox"/>
Display profile photo on your class Web page?	<input checked="" type="checkbox"/>

[Preview changes](#) [Save changes](#) [Save changes and edit roster](#)

Step 6: Enter your students’ Names, Student Project IDs, and emails, then click “Save Changes”. *Note: It is imperative that you enter the Student Project IDs. The Student Project IDs are generated using your Faculty Project ID then assigning an additional three digit code for each student, starting with 001.*

Class: [Guitar Building](#)

[How do I set up a class roster?](#)
[Printable roster](#)
[Import student list](#)

Instructor-enrolled class: to add students, enter their names below or click *Import student list* to import your student list from a text file.

	Last Name	First Name	Student ID (optional)	E-mail (optional)
1.	Smith	John	CA1401001	johnsmith@school.edu
2.	Doe	Jane	CA1401002	janedoe@school.edu
3.				
4.				
5.				
6.				
7.				
8.				
9.				
10.				

[Save changes](#) [Add more rows...](#)

Step 7: You can now view your students' account information. To view their passwords, click the padlock icon to the right of a username.

Note: If you submit student e-mail addresses, you can have Quia automatically e-mail each student his/her login information by clicking "Send" at the bottom of the page.

The screenshot shows the Quia interface with a navigation menu on the left and a main content area. The main content area displays a roster for a class named "Sample". The roster table has columns for Last Name, First Name, Student ID (optional), E-mail (optional), and Username. The first row shows "Support" as the last name and "Quia" as the first name. The username "quiasupport178" is circled in red, and a padlock icon next to it is also circled in red, with a red arrow pointing to it. Below the table, there are buttons for "Save changes" and "Add more rows...". At the bottom, there are two "Send" buttons, one for "E-mail me a list of students' usernames and passwords" and another for "E-mail each student his or her username and password". Both "Send" buttons and the text above them are circled in red.

10.	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>		<input type="checkbox"/>

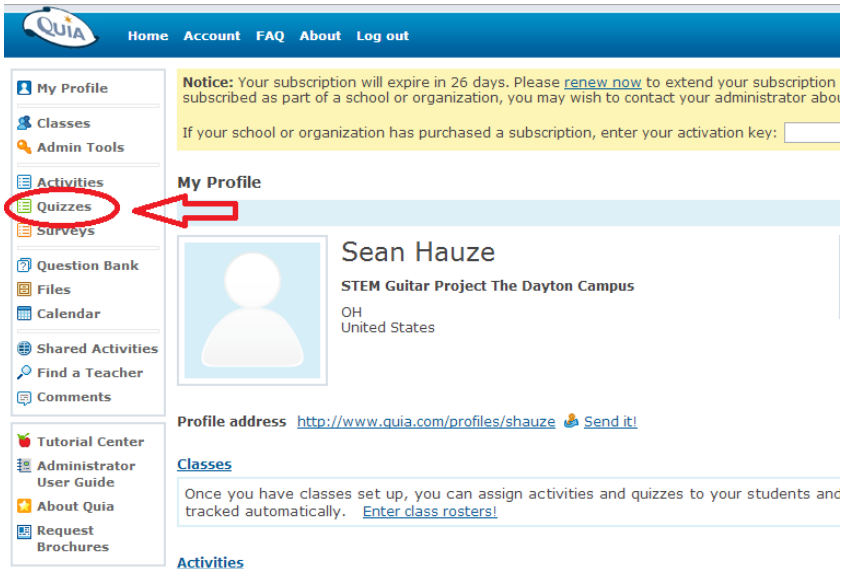

Actions for selected student(s)...

E-mail me a list of students' usernames and passwords

E-mail each student his or her username and password

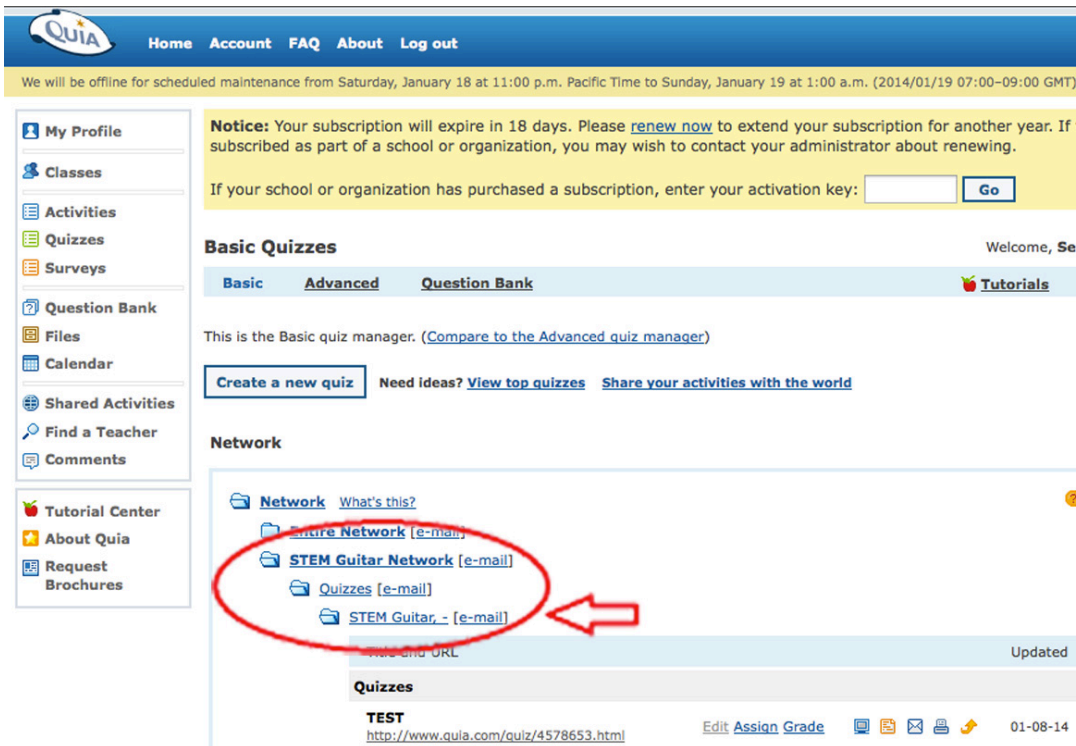

Assigning Quizzes to Your Class

Step 1: Click Quizzes in your left menu

Step 2: Click the "Network" folder, then the "STEM Guitar Network" folder, then the "Quizzes" folder, then the "STEM Guitar" user folder. You will then have access to the STEM Guitar quizzes.

Note: It is imperative to assign quizzes from this folder in order for the grant team to evaluate the pre-post improvement of each student.

Step 3: Locate the name of the quiz that you will be assigning to your class and click "Assign".

Note: In order to track progress assign the PRE-ASSESSMENT for each activity before teaching the activity, followed by the POST-ASSESSMENT after completing the activity.

The screenshot shows the Quia Basic Quizzes manager interface. The left sidebar contains navigation options like My Profile, Classes, Activities, Quizzes, Surveys, Question Bank, Files, Calendar, Shared Activities, Find a Teacher, Comments, Tutorial Center, About Quia, and Request Brochures. The main content area displays a notice about subscription expiration, an activation key input field, and a 'Basic Quizzes' section. Under 'Basic Quizzes', there are tabs for 'Basic', 'Advanced', and 'Question Bank'. A 'Create a new quiz' button is visible. Below, a 'Network' section lists various networks and quizzes. A table of quizzes is shown, with the 'Test 2' quiz highlighted. The 'Assign' button for 'Test 2' is circled in red.

Step 4: Select the class to which you will be assigning the quiz then click "Done". The quiz will now be available within the students' accounts.

Note: Leave "Log-in Required" selected and limit attempts to "1" in order to track student improvement.

The screenshot shows the Quia Quiz Assignments and Settings page for 'Test 2'. The left sidebar is the same as in the previous screenshot. The main content area displays a notice about subscription expiration, an activation key input field, and a 'Quizzes >> Quiz Assignments and Settings - Test 2' section. Under this section, there are tabs for 'Basic', 'Advanced', and 'Question Bank'. A 'Your students can access your quiz at:' section shows the URL 'http://www.quia.com/quiz/4578666.html'. Below this, there is a 'Done' button and a link to 'E-mail this quiz'. The 'Assign this quiz to the following classes:' section is circled in red, showing a checked box for 'Guitar Building'. The 'Access' section is also circled in red, with the 'Log-in required' option selected. The 'Global Settings' section is visible below, with the 'Attempts per attempt' dropdown set to '1', which is also circled in red.

Step 5: Direct your students to log in to access assigned quizzes by logging into their Quia account and clicking the "Class web page" link, then the quiz title.

Note: Below is an example of what students see in the Student Zone.
